

**Our Hot Dip Galvanizing Process is:**

- Effective
- Provides Complete Coverage
- Durable
- Gives Excellent Corrosion Resistance
- Cost Effective

# INDMARK HOT DIP GALVANIZING CATALOGUE

Indmark Hot-Dip Galvanizing, a division of Indmark Group, we are one of the leading manufacturers and suppliers of hot-dip galvanizing solutions.

# Our Ventures

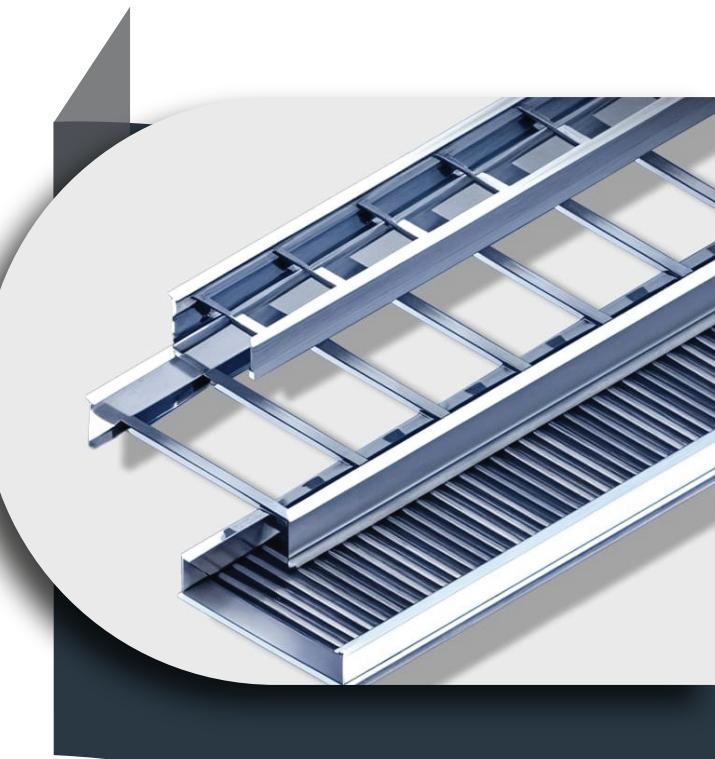

## Solar structure

Indmark Solar Structures, a division of Indmark Group, we are proud to provide High-quality solar energy solutions.

Our expertise is in providing robust, flexible, and reliable solar mounting systems that make sure your solar panels are securely installed for optimal energy generation.

**Renewable Capacity:** 18,000 Ton+ Solar Panel Mounting Structures

## Cable Trays

Indmark Cable Trays, a division of Indmark Group, is a leading manufacturer and supplier of cable trays and other electrical accessories.

We utilize our expertise and resources to provide innovative and reliable cable solutions to our customers.

**Cable Trays Capacity:** 4500+ Ton Cable Trays manufactured per year

## Sheet Metal and Structural Fabrication

Indmark Structural Fabrication is a division of Indmark Group, Pune. We specialize in high-quality structural fabrication solutions.

We utilize our expertise to deliver durable and reliable structural solutions.

**Structural Fabrication Capacity:** 6000+ Ton Per year

## Square Fibre Drum

Indmark Paperform manufactures Square Fiber Drums designed for durability, efficiency, and sustainability.

With a focus on quality and innovation, we provide reliable packaging solutions that meet industry needs.

**Production Capacity** - 1,00,000+ Square Fiber Drums manufactured per month.

## Our Clients

Hot-dip galvanizing is the process where steel is immersed in molten zinc. It creates a strong coating which protects it from corrosion. It gives the metal more strength, durability and longevity, which makes it perfect for use in industrial applications. Indmark ensures premium quality galvanizing solutions which meet international standards for excellent performance and reliability in various sectors.

## Our Bath Size

7 meter length \* 1 meter width \*  
1.4 meter depth

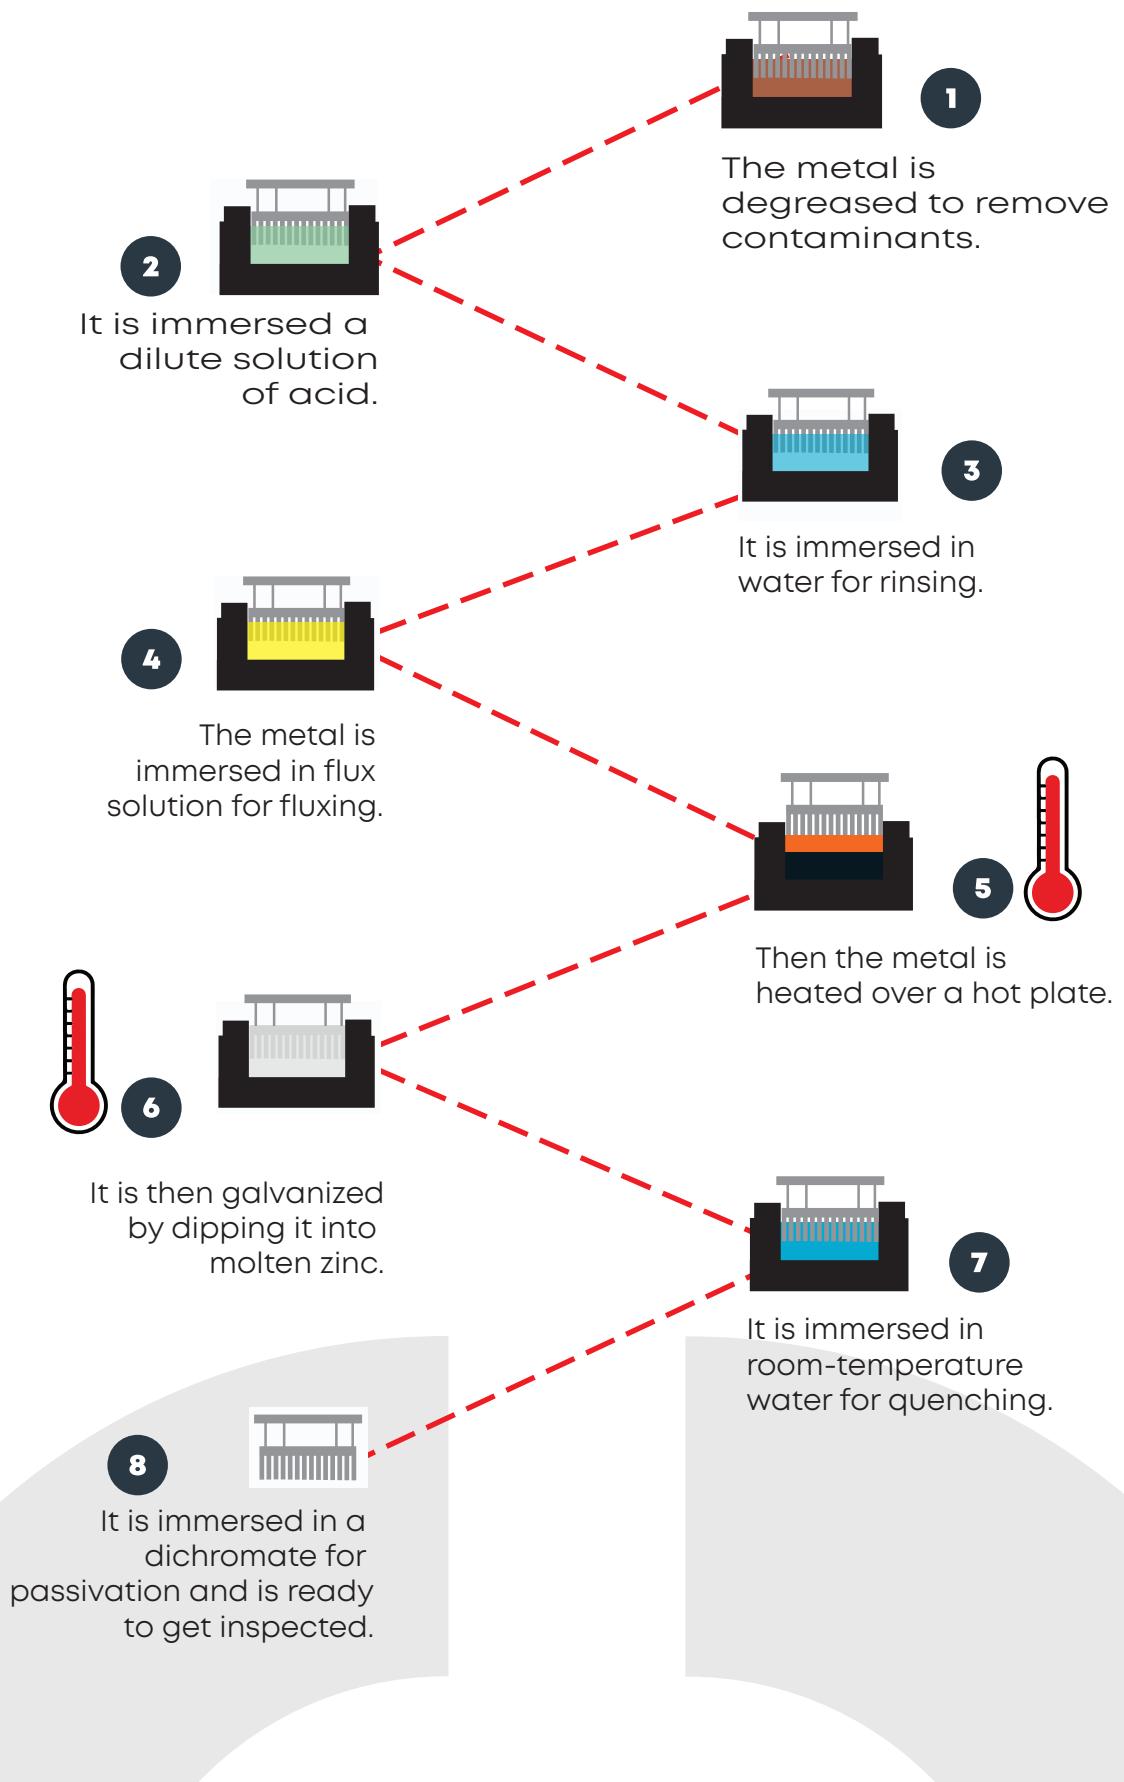

## Galvanizing Capacity

22,000 Ton Hot Dip Galvanizing  
Per Year

# Hot-Dip Galvanizing Process

# We provide Hot Dip Galvanizing for

- Earthing Strips
- Railings
- Mobile Towers
- Fabricated items
- Gratings
- Channels & Angles
- Conveyor Frames
- Chassis
- Cable Trays
- Road Barriers
- Solar structures

## Industries that we cater to

Constructions  
Agriculture  
Public Infrastructure  
Automobile  
Energy Sector  
Industrial Equipment  
Marine Industry

## Our Unit

**Unit 2 : Indmark Hot Dip Galvanizing**

**Support :**
